Construction Impacts

- An increase in dust, and delays from 7am to 5pm.
- Traffic control throughout the project area as construction progresses.
- Closure of Farmer Drive during the culvert replacement.

- Access to driveways will be maintained as much as possible during construction activity.
- Occasional interruptions to water service.
- Residents will be notified about water shutdowns beforehand unless an unexpected shutdown becomes necessary.
- Sewer service will be maintained throughout the project.
- New water and sewer service connections will be made to the main at the right of way.

Project Area

Surface Improvements

- New sidewalks will replace existing sidewalks on the west side of Pleasant Street, the north and east side of School Street, and the south side of Nelson Street.
- All streets, with the exception of Concord Avenue and Elm Street, will have new asphalt for the width of the road.

Schedule

- Construction to start **April 18th, 2022** with construction activities commencing on Elm Street, Jones Street, Concord Avenue, and Waterman Circle.
- Construction will continue up Farmer Drive, Lawrence Circle, and Pleasant Street through the summer.
- Construction will enter winter shutdown mid-November until spring 2023.
